To Win A Day's Piking with Dave Horton

How about a day's piking with one of the Country's most prolific big fish captors? Here's your chance....

The star of this years "Win A day With" competition for 2010-2011 season, is the silver-tongued fella with the white cap - Dave Horton.

Anyone, who has introduced a new member, plus the new member; are eligible providing the details are filled in on the membership form (or emailed to the membership secretary at the time of joining. See link below).

Dave really needs no introduction, as he has caught pike from all parts of the country, and was the creator of 'Ultimate Pike', one of the most sought after pike books ever published. Dave has a few places that might just throw up something a little special, but ultimately, where Dave and the winner decide to fish is down to Dave and Geographics. Wherever he and the competition winner decide on, it will surely be a day to remember. So get recruiting. **Chico - Membership Secretary** [Email](#)

"Over the past 20 or so years of PAC membership, I've helped a number of brother members to catch a good fish or two. One fella caught his first couple of 20's and another even had his first 30!"

Let's see what we can conjure up in the name of the PAC between us? All you'll have to bring is an open mind and a smile, I'll do the rest"

Dave Horton
